Prayers

Prayer* The family where I am doing a house church, for healing in their daughter- Jillian, and that those that come would have revelation of Jesus love and give their lives to Him. Pray for mindsets to be renewed. When I first started to meet this family, neither parent was there, as one had left the area, and the other was in jail on drug charges, leaving 7 kids behind. Now, both parents are back.

Prayer* Continue to pray that the Bible school would be able to continue. These past two weeks were really challanging with long border waits and stricter rules forcing our teachers to stay about and hour away each night and come back the next day.

Prayer* Pray for health of the baby, and Argene. Pray that I would be allowed in the hospital for check-ups & ultrasound.

Prayer* Pray for our city as there has been a rapid increase in covid cases. Pray for healing of Reymon who was in a motorcycle accident, but we were told that the hospitals were full and it was better for him to stay put. Pray for Jilian, part of our house church, who was sick with worms, but is now recovering.

Prayer* Pray for God's protection and that the gospel would not be hindered in going forward. Pray for favor with local chiefs in Tapaz and that doors would be open for evangelism and discipleship. I am again on quarantine after having possible contact with a positive. Pray for negative swab results of those I came in contact with. Pray for the love of Jesus to be revealed in Tapaz, and that locals would be empowered to share the gospel, and that many would be saved.
